- A. Height. No structure shall exceed a height of two stories provided the building is not higher than 30 feet.
- B. Front yard. There shall be a front yard of not less than 25 feet. Off-street parking is

permitted in the front yard as regulated in § 600-179F.

- C. Side yard. There shall be two side yards and no side yard shall be at less than 20% of the average lot width provided that in no event shall any side yard be less than 20 feet. Off-street parking is permitted in the side yard, provided no parking area is closer than 10 feet to any property, nor five feet to any building.
- D. Rear yard. There shall be a rear yard of not less than 50 feet. Where any alley or railroad right-of-way abuts the rear of the property, such space may be counted as part of the rear yard. Off-street parking is permitted in the rear yard provided no parking area is closer than 10 feet to any property line nor five feet to any building.
- E. Special district boundary buffer area. No building shall be built within 75 feet of any residence zone line and off-street parking and access drives shall be set back 25 feet from such zone line to establish a buffer area as defined herein. Said buffer area shall be suitably landscaped as approved by the Planning Board.
- F. Lot area. Each lot in the I-1 Industrial District shall contain a minimum lot area of at least one acre and shall have a frontage at the front street property line of at least 175 feet.
- G. Maximum floor area ratio. The gross floor area of all floors of all buildings shall not exceed 25% of the total lot area.
- H. Landscaping. The requirements of § 600-259A(7) shall be met.
- I. Loading. Loading and unloading shall be done in other than front yard.
- J. Before the issuance of a building permit within this zone, the Planning Board shall review and approve a site development plan of the proposed use and shall ascertain that all requirements of this article are complied with.

§ 600-270. Permits and operations.

In addition to the usual required building permit application, an application for any building permit or certificate of occupancy in the I-1 Industrial District shall be submitted to the Building Inspector in duplicate on forms prepared by the Planning Board. The applicant shall also submit in duplicate all plans of the proposed construction and development, including a description of the proposed operation. If it appears from the application that the intended use may not conform to the performance standards established for this zone, the Planning Board shall request the applicant to submit a deposit of \$500 which will be used to defray the cost of special reports required to process the application. The Planning Board shall refer the application for investigation and report to one or more expert consultants selected by the Board as qualified to advise on conformance to the required performance standards. Such consultants shall make a written report within 30 days after his receipt of such application. At the next regular meeting of the Board or within 30 days of receipt of consultant's report, whichever comes sooner, the Board shall render a decision in the form of a written report regarding the application. Any permit authorized and issued shall be conditioned on, among other things, the applicant's completed buildings and installations in operation conforming to

the applicable performance standards and the applicants paying fees in excess of \$500 if needed to cover experts' above-mentioned reports. All monies not used to pay for the services of the expert consultant shall be returned to the applicant at the time the Board renders the written decision. A copy of all reports or decisions shall be promptly furnished to the applicant.
